

#### TOWNSHIP COMMITTEE.

A special meeting of the Township Committee was held on Tuesday night. The members were hastily summoned together to settle several important transactions. All members were present.

Director Mc Gowan of the Board of Freeholders was present, and urged the Committee to complete the approaches to the Berkeley Avenue bridge and the Beach Street bridge.

The following communication was ordered sent to the New York and Greenwood Lake Division of the Erie Railroad:

"Gentlemen: In accordance with the suggestion made to the Township Committee by your Mr. Moore, with reference to the crossing of Spruce Street, we desire to say that the Township Committee, at a meeting held on Tuesday, August 31, 1897, voted to accept your proposition to the Spruce Street crossing, making ple, as a clerk. This golden apple of co Post. Spruce Street may cross under the golden apple at all, but a veritable railroad, and the Township agrees to make the necessary change in the grade of the street at its expense, resulting from the change of grade of the street. Please let us know at once that your understanding of the agreement is the same as ours."

The following communication was also forwarded to the Railroad Com thirty years. There are many hopeful

"Gentlemen: Having been in formed that it is your intention to construct supports for the railroad bridge crossing Broad Street, within the lines of the sidewalk, we hereby advise you that we cannot approve of, nor consent to such encroachment upon Broad Street, and we will be comnote to prove local action avail this encroachment "

At 9.45 P. M., the Committee wen into executive session for the cor sideration of police matters. Chair man Moore reported on the case o Officer Foster on the charge of insuborbination preferred by Police Justice Hall. A fine was imposed. \*\*\*\*

#### Communications.

Editor Bloomfield Record: . The Greenwood Lake crossing at Orchard St. requires the a ttention of the Pown Committee: It has been almost seven weeks since the additional track | selves, not for civilization, not as crithas been laid, and to say the least, the ics of literature. Boys are to be condition of same is abominable, and is taught industrial effort and economic getting worse every day; the tracks are about six inches above the road-no planks placed beside the tracks to protect vehicles in crossing, and there have their separate functions in home-mak- to Klondike wouldn't git rich anyhow been many narrow escapes from falls by ing. bicyclers and drivers of wagons.

On Tuesday morning a wagon was uption : by scientific and mechanical inset by the front wheels of same sticking ventions; and by education. The in the raised tracks; driver thrown out and merchandise scattered all over the street, but fortunately the driver es. process. It states the ideals which caped injury; no doubt the Railroad Co. educators should bear in mind, and would have been responsible for any which parents should try to secure in damage-but morally I think the town the teachers of their children. must be responsible, to allow such a condition of affairs to exist at a crossing like Orchard St. for such a length of ness and emphasis wherein modern time. A personal inspection of same civilization entirely fails of being an will satisfy any one as to the condition honest, equitable, and progressive or of this street. To add 'to the inconvenience of the crossing, almost every day a gravel train dumps dirt on the sides of the tracks; which makes it even
